

Fact Sheet

Established in 1982, St. Joseph Health (SJH) is a not-for-profit, integrated Catholic health care delivery system sponsored by the St. Joseph Health Ministry. The roots of the health care organization date back more than 100 years to 1912 when a handful of Midwestern religious women, who became the Sisters of St. Joseph of Orange, traveled across the country to open a school and eventually a small hospital in the lumber town of Eureka, Calif.

Today, SJH continues its work in the tradition of the Sisters through our acute care hospitals, home health care, rehabilitation programs, primary care clinics and many community outreach and wellness programs. In each community it touches, SJH reaches out to care for the poor and vulnerable.

Based in Irvine, Calif., SJH serves 10 distinct communities within three general regions – Northern California, Southern California and West Texas/Eastern New Mexico. A three-time recipient of the Gallup Great Workplace Award, SJH is comprised of 24,000 dedicated employees led by President and Chief Executive Officer Deborah Proctor who was recognized by Modern Healthcare as one of the Top 25 Women in Healthcare and by Becker’s Hospital Review as one of the Top Women Hospital and Health Care Leaders to Know.

OUR LOCATIONS

SJH provides a full range of care facilities including 16 acute care hospitals, home health agencies, hospice care, outpatient services, skilled nursing facilities, community clinics and physician groups. All of our hospital and home health entities are accredited by the Joint Commission. In our award-winning facilities, SJH maintains a “continuum of care,” matched to the diverse needs of the urban centers, smaller cities and rural communities who depend on us every day.

In the interest of keeping our communities healthy, we have also developed innovative wellness centers located near where people live and work. These centers provide programs and services that promote a healthier lifestyle.

- Hoag Memorial Hospital Presbyterian, Irvine
- Hoag Memorial Hospital Presbyterian, Newport Beach

WHAT DRIVES US

Our mission, vision and values work together to shape our decisions and guide our actions. They form the heart of our health care ministry.

- Our **Mission** is to extend the healing ministry of Jesus in the tradition of the Sisters of St. Joseph of Orange by continually improving the health and quality of life of people in the communities we serve.
- Our **Vision** is to bring people together to provide compassionate care, promote health improvement and create healthy communities.
- SJH is **transforming** to embrace an illness and wellness model and realize a greater balance between hospitals and community-based care. The intent is to become networks of care, addressing the well and the sick.
- The four core **Values** of SJH serve as the guiding principles for all we do, shaping our interactions with those whom we are privileged to serve.
 - **DIGNITY** - We respect each person as an inherently valuable member of the human community and as a unique expression of life.
 - **SERVICE** - We bring people together who recognize that every interaction is a unique opportunity to serve one another, the community, and society.
 - **EXCELLENCE** - We foster personal and professional development, accountability, innovation, teamwork, and commitment to quality.
 - **JUSTICE** - We advocate for systems and structures that are attuned to the needs of the vulnerable and disadvantaged and that promote a sense of community among all persons.

Today, SJH strives to achieve its mission by realizing three strategic goals:

- Every interaction will be experienced as a **Sacred Encounter**.
- All patients will receive **Perfect Care**.
- The communities we serve will be among the **Healthiest Communities** in our nation.
